

Overview

King's Ely Year 12 Sports Award

Sports Awards of up to 10 per cent of the day tuition fee are available at King's Ely to candidates who are outstanding in sport. The appropriate application form should be completed on behalf of candidates, and for external candidates this should accompany the registration form.

All external candidates are required to complete the admissions process. Sports Award assessments take place in the November before September entry.

Successful candidates should be able to perform to a high level in one of the following sports: rowing, hockey, rugby, cricket, football, netball and/or tennis. Candidates must offer at least two other sports (unless participating in three terms of performance rowing) for the Year 12 Sports Award.

The Director of Sport at King's Ely, Alex Meddle, will be pleased to meet with prospective candidates and their parents, give advice on preparation for the assessment and/or provide any information about King's Ely.

For more information, please call 01353 660700 or visit our website www.kingsely.org.
